Personal Mission Statement

I am a naturopathic doctor dedicated to educating patients about the benefits of natural medicine and empowering them with the knowledge needed to take excellent care of their health with nutrition and lifestyle. I also put additional emphasis on self-care including attention to mind body medicine and spirit.

With my own personal life experience of MS, I see tremendous value in empowering patients that have MS to lead high quality lives with a positive attitude fostering hope and healing.

Awards

2011 - Professional Services Award from the MS Society, Calgary and Area Chapter
