Personal Mission Statement

I am a naturopathic doctor dedicated to educating patients about the benefits of natural medicine and empowering them with the knowledge needed to take excellent care of their health with nutrition and lifestyle. I also put additional emphasis on self-care including attention to mind, body medicine, and spirit.

With my own personal life experience with MS, I see tremendous value in empowering MS patients to lead high quality lives with a positive attitude fostering hope and healing.

Awards

2011 - Professional Services Award from the MS Society, Calgary and Area Chapter

Education

Bastyr University, Seattle, Washington, U.S.A	
Doctorate in Naturopathic Medicine	1998
University of Victoria, Victoria, British Columbia, Canada	
Bachelor of Science in Biology	1993
